The Daily Story

What Lord Blarneyston Said-By Louise B. Cummings.

One evening at a theatre Lord Blar | for what they would receive and that neyston, chatting with an American they would not be required to give enof time and money on his lordship, see- rect. The difficulty in the multimillion-Mrs. Harkaway in one of the boxes, aire set is to get persons to attend enasked who she was and when told said:

"She's the most beautiful woman I've seen in New York, and there's no woman in England who can compare with her.'

Such a remark made by a member of the London smart set was bound to be repeated from mouth to mouth. In a twinkling it permeated the social circle, the members of which were at expressed opinion of her beauty a few once agog to see a woman whom Lord | thousands of dollars a year for cos-Blarneyston pronounced more becauti- tumes would have sufficed. But soful than any woman in England. The clety expected the most beautiful wofirst Sunday after the encomium had man to wear the most beautiful cosspread in society the church where tumes. Besides, Mrs. Harkaway re-Mrs. Harkaway worshiped was over- ceived the concentrated gaze of soflowing with strangers who went there

Of course his lordship's remark reached Mrs. Harkaway. It was her this reason her costumes were of suhusband who told her, and he was proud to be the husband of the most tract far more attention than her beautiful woman in New York or Lon-

Mrs. Harkaway belonged to that were social leaders, but who now occupy back seats, the front seats being necessary to procure them. Then much taken up by the commercial multimillionaire aristocracy of America. Why not use Lord Blarneyston's encomium had not even prepared for the wife's to regain the position occupied by her ancestors? True, the ancestors of present day leaders had some of them sold meat and vegetables to Mrs. Harka- like ice under the rays of the sun. way's forefathers, to say nothing of one who had cooked the said meat and | made. vegetables in her grandfather's kitchen. But times were changed. Present day aristocrats had assumed the leadership by virtue of their enormous man that Lord Blarneyston said was wealth, and it was impossible to dis- the most beautiful in New York or odge them. Possibly they would take London" said everybody to everybody in a woman whom an English peer had else. She stobd in one position while a pronounced the most beautiful in New throng of persons passed her, ogling York or London.

After a consultation between and Mrs. Harkaway it was decided by the husband that the wife's chance for social prominence should be made available. Certain relatives of Mrs. Harkaway who had married into multimillionaire families were found to introduce her and she was launched into society simply on the fact that Lord Blarneyston in order to compliment the city of the man who was dining and wining him had said that she was the most beauttiful woman in New York or London.

The Harkaways had misgivings in time to save her husband's fortune. about entering the golden circle on a | She resumed her normal position, but beggarly income of \$10,000. They fig- somehow the spell of happiness that urede, however, that Mrs. Harkaway's pervaded the Harkaway family was beauty, certified to by a British peer, broken. There has never been the would be considered a quid pro quo same contentment.

tertainments. But there was one thing, however, on which their calculations were in error. They thought that Mrs. Harkaway would be able to provide herself with costumes out of her husband's income, leaving enough for their other expenditures.

Possibly had Mrs. Harkaway been admitted to the golden circle on any other plea than Lord Blarneyston's city not because she owned the highest bred dog in the universe, but because of Lord Blarneyston's remark. For preme importance. They would atbeauty. Therefore they must not only be superb, but in great variety.

Not only did Mrs. Harkaway's wardclass of New Yorkers who years agone robes cost a great deal of money, but at least one trip abroad a year was more jewelry than she possessed was indispensabble. Indeed, the Harkaways entry into society before they saw that within a short time that which produced their income would melt away Nevertheless the preparations were

At the first function attended by Mrs. Harkaway she found herself the cynosure of all eyes. "That's the woher as they would a freak in a dime musaum.

It happened that Lord Blarnevston was still in New York and was at this assemly. A lady to whom he was talking called his attention to Mrs. Harkaway remarking that she had been told she was the most beautiful woman in New York or London.

"I cawn't agree with that," said his lordship. "I think Mrs. Monkerench far more beautiful."

The remark was overheard, and Mrs. Harkaway's beauty was blighted. She was dropped from society, fortunately
